Attachments: Wind River Annual Injection Reports Submittal REV - 2020 (002).pdf

Hi Michelle,

Hope you are well. I just wanted to provide a heads up email regarding the 2020 AMR submittals. I've been systematically reviewing each of the individual Merit injection well permits and there are additional requirements for various wells that will need to be submitted for the 2020 AMR. I'm currently trying to compile each of the specific well requirements and will reach back to you once I can get the information organized, which I'm hoping will be sometime next week. We can have a discussion on each of the individual well requirement then.

Let me know if you have any questions on this email.

Subject: FW: Merit Energy Wind River Annual Injection Reports - 2020

Gary – I appreciate your patience on these. Sadly, myself and IT could not find an easy resolution for the PDF duplication glitch. Attached please find revised 2020 annual injection reports and water analysis results. If there is anything I missed, please let me know.

Have a good weekend!

Best regards,

Michelle Yalung

Subject: Merit Energy Wind River Annual Injection Reports - 2020

Good afternoon Gary,

Attached please find a digital copy of the 2020 annual injection reports for Merit's Wind River wells. I apologize for the inconvenience, currently we are waiting for our water samples to come back from the lab. As soon as I get the reports back, I will send them your way.

Also – I placed the hardcopies in the FedEx box, so you should have them by Monday.

Hope you're staying safe and healthy!

Best regards,

Michelle Yalung
